MATHEMATICS & NUMERACY

Mathematics - Fractions

These sets help children to visualise and understand the concept of fractions, by demonstrating that fractions are parts that make up a whole.

1 BASE 10 GROUP SET

Ref No. 163559

€49.00

Base 10 equipment will bring to life the relationships between units, tens, hundreds and thousands. Each piece is marked in centimetre squares to highlight how each unit relates to the whole. The set contains 100 yellow cube units, 50 green rods (tens) 30 blue flats (hundreds) and 4 red blocks (thousands). Pack size: 30cm x 20cm x 15cm

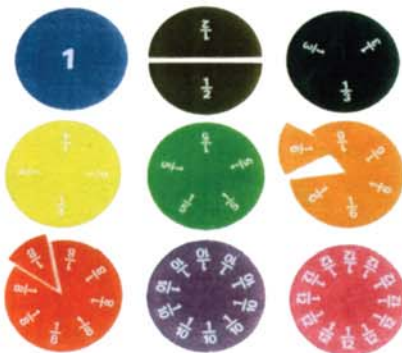

2 BASE 10 NUMBER STRUCTURE SET

Ref No. 163659

€20.00

A smaller version of the Group Set (Ref No 163559) contains 100 yellow cubes, 10 green rods, 10 blue flats and 1 red block. Pack size: 30cm x 11.5cm x 11cm

NEW PRINTED FRACTION CIRCLES AND SQUARES

Ref No. 19035

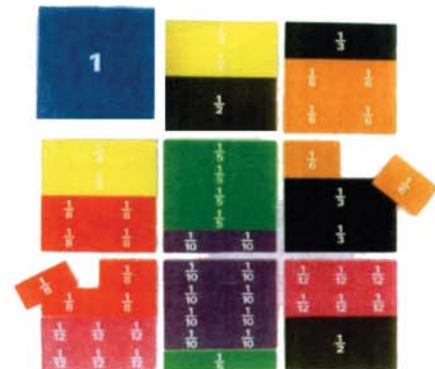

€12.50

Printed fraction circles: A set of 51 proportionally sized pieces representing whole, halves, thirds, quarters, fifths, sixths, eights, tenths and twelfths in nine distinctive colours printed on each piece. Comes in solid plastic container. 8.7cm diameter.

Ref No. 19135

€12.50

Printed fraction squares: A set of 51 proportionally sized pieces representing whole, halves, thirds, quarters, fifths, sixths, eights, tenths and twelfths in nine distinctive colours printed on each piece. Comes in solid plastic container. 10cm square.

FRACTION CIRCLES

Ref No. 176000

€10.50

Seeing fractions as segments of a whole circle helps children to understand this important concept. The set includes the equivalent of 8 circles $1/2$, $1/3$, $1/4$, $1/6$, $1/8$, $1/10$ and a whole circle. The brightly coloured pieces fit into the plastic storage box in which the whole circles can be constructed. Size: 10cm diameter

FRACTION SQUARES

Ref No. 175000

€10.50

Children often have difficulty visualising fraction concepts. However, this set helps to show that fractions are pieces that make up a whole. There are the equivalent of eight complete squares in fractions of $1/2$, $1/3$, $1/6$ (2 combinations), $1/4$ (3 combinations) plus one whole. The plastic storage box can be used as a work tray. Size: 10cm.

8 GROUPING CIRCLES

Ref No. 128659

€10.50

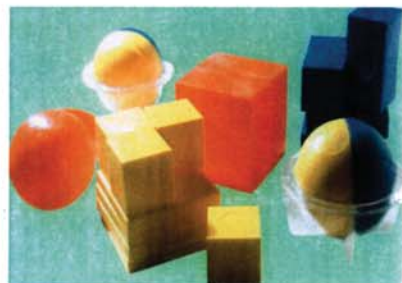

These flexible folding plastic Circles can be used in a wide range of grouping and set activities with Invicta's Attribute Blocks. The set consists of 6 circles, 2 each of red, yellow and blue. Diameter: 50 cm. Pack size 36cm x 15cm

3 FRACTION CUBES & SPHERES

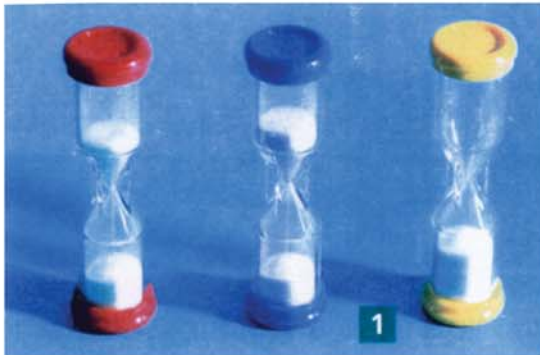

Ref No. 051700

€35.00

This 3-dimensional set not only reinforces the concept of the relation of fractions but adds the elements of decimals and percentages. Each 'complete' shape has a modular dimension of 8cms, the same as the Invicta Large Shapes (Ref No 091859). The individual segments are clearly marked with the appropriate fraction, decimal and percentage value and special containers are provided to hold the spheres. Complete with product guide. Pack size: 29.5cm x 14cm x 10cm
